

SPECIFICATIONS

- Conforms to IS 2026.
- Type tested from CPRI, Bhopal
- BEE 3 Star Energy Efficiency grade.
- 11/.433 KV, 3 Phase, 50 Hz, +/- 3%
- Rating upto 200 KVA.
- Delta winding of HT and Star winding LT.
- CRGO stacked core.
- Double paper covered aluminium conductor for HV & LV windings.
- Percentage Impedance at 75 Deg.C. is 4.5% (+/- 10%)
- Completely Self Protected (CSP) features with Internal HV fuses, LT Circuit Breaker on LV side, Over Load Signal Light, Tamper proof metering unit etc.
- Losses.

Looses (in Watts)	63 KVA	100 KVA
At 50% loading	380	520
At 100% loading	1250	1800
